Shoalhaven
SOUTH COAST - NSW

Shoalhaven Heads

Nestled between the river and the beach and surrounded by pristine National Park, Shoalhaven Heads is the perfect holiday destination, whether you want fishing, golf, relaxation or even a beach wedding. With a new off-shore reef, three boat ramps and two wharfs, it's a fisherman's dream. You'll find two large tourist parks with cabins and pitches for both caravans and tents. There's also a large pub across from the river that offers food, accommodation and entertainment; an 18-hole golf course

complete with café; and a large bowling club with a restaurant, live entertainment and a gym. The village offers plenty of accommodation options from camping to luxury villas right next to the beach or stay at the local historic winery. But the Heads (as the locals call it) remains a traditional Australian coastal holiday village. With its temperate climate, unspoilt beach, laid-back friendly feel and an abundance of things to do for the whole family, Shoalhaven Heads is your perfect destination.
